Ziegler J. B. Letter to the Editor: Breast feeding and HIV infection: reply 303

Aust. Paediatr. J. (1989) **25**, 389–395

Subject Index

A

Aboriginal children
hospital admissions for infection 230
low birthweight and impaired growth 279
urinary calculi in 363
with urinary calculi, compared with Caucasian children 93
Abstracts
from the Annual Scientific Meeting of the Australian College of Paediatrics and the Paediatric Research Society of Australia, 1989 310
Accidents
of children aged 5-10 years 72
Acid maltase deficiency
Pompe's disease presenting as supraventricular tachycardia (Case Report) 101
Adolescents
beliefs about childhood development 226
depression in (Review) 119
disability among 13 year olds 220
female rheumatological presentations 21
injuries in 14
suicide among (Annotation) 257
Adrenal hyperplasia, congenital
diagnostic efficiency of the short ACTH test 340
Adrenocorticotrophic hormone test, short
diagnostic efficiency for congenital adrenal hyperplasia 340
Adversity, early family
effect on cognitive ability 130
Advertising of cigarettes a matter for concern (Annotation) 187
AIDS
and breast feeding (Letter to the Editor) 303
Airways obstruction
and fetal lung growth 47
Alcohol consumption
and pregnancy, a cautionary note on the ACP Policy Statement (Letter to the Editor) 302
Anaesthesia
in newborns (Annotation) 1
Aorta, coarction of
and lower limb blood pressure (Letter to the Editor) 250
Apnoeas
pneumographic studies predictors of 211
Arousal deficit
as mechanism of SIDS 196
Arrhythmogenic right ventricular dysplasia
evidence for inheritance of (Case Report) 106
Arthritis
chronic pain syndrome in female adolescents 21
Asthma
deaths from (Annotation) 259
effectiveness of ipratropium bromide as a bronchodilator with and without preservative 86
effectiveness of ketotifen as a prophylactic agent 89
Australian College of Paediatrics
abstracts of papers presented at the Annual Scientific Meeting with the Paediatric Research Society of Australia, 1989 310
Policy Statement on AIDS, and breast feeding (Letter to the Editor) 303
Policy Statement on alcohol consumption in relation to pregnancy, a cautionary note (Letter to the Editor) 302
Australian Paediatric Journal
a change of name (Editorial) 337

B

Bacteraemia
early detection from peripheral blood films 83
Bacterial sepsis
from *Haemophilus influenzae* type B infection, vaccines against (Annotation) 185
Basal ganglia infarction
from tuberculous meningitis 361
Bassinet restraints
evaluation of loan scheme 270
Becker muscular dystrophy
deletion analysis for 292
Behaviour
problems in Prader-Willi syndrome children 43
stage-related, misinterpreted by parents 39
Beliefs
about childhood development 226
Biofeedback conditioning
in treatment of faecal incontinence 351
Birthweight
relationship with cost of intensive care 61
Bites
from a common brown snake (Case Report) 109
Blood, peripheral
early detection of bacteraemia from films of 83
Blood pressure
in lower limbs with coarction of the aorta (Letter to the Editor) 250
Bowel obstruction, neonatal
inappropriate contrast radiology in diagnosis of 96
Bowel perforation
in children 99
Brain stem encephalitis
due to herpes simplex virus 246
Breast feeding
and AIDS (Letter to the Editor) 303
Breath hydrogen test
applicability to neonates 80
Bronchodilator
effectiveness of ipratropium bromide with and without preservative 86
Brown snake
bites from (Case Report) 109
Buserelin
for treatment of precocious puberty 274

C

Calculi, urinary
in Aboriginal and Caucasian children 93
in Aboriginal children 363
Candidiasis
systemic, in a postoperative neonate 372
Carbohydrate malabsorption in neonates
diagnosis using breath hydrogen test 80
Carbohydrate metabolism

effect of growth hormone therapy on 236
Cardiac ultrasonography
of fetuses for heart disease 356
Catch-up growth
in Aboriginal children 279
in LBW infants 134
Catheters, percutaneous venous
methods of securing (Letter to the Editor) 250
Cerebral palsy
early identification of 215
Cerebral perfusion pressure
reduction in LBW infants by sedation and neuromuscular blockade 171
Child care practices
and SIDS 202
Child development unit
parents' misinterpretation of stage-related behaviour in children presenting to 39
Childbirth, natural
a sense of balance in promotion of (Letter to the Editor) 52
Children
assessment of injury severity (Review) 6
beliefs about early development of 226
causes of depression in (Review) 119
clinical features of typhoid in 147
hospital admissions for infections 230
injury surveillance systems 10
intestinal perforation in 99
management of pain in (Annotation) 1
multidisciplinary treatment of faecal incontinence 351
presentations of urinary calculi in 93
rehabilitiation of 267
swimming pool drownings of 143
with tuberculosis in Victoria, 1970-86 31
Chorionic villi
DNA analysis of, in prenatal diagnosis of thalassaemia 161
Chronic pain syndromes
importance in treatment of rheumatological disorders 21
Chylothorax, spontaneous
with Noonan syndrome at birth 296
Cigarette advertising a matter for concern (Annotation) 187
Clinical features
of typhoid in children 147
Coarction of the aorta
and lower limb blood pressure (Letter to the Editor) 250
Cognitive ability
correction of developmental and intelligence test scores for prematurity 127
effects of perinatal complications and early family adversity 130
ELBW infants' test scores improve between 2 and 5 years of age 284
Complications, perinatal
effect on cognitive ability 130
Congenital adrenal hyperplasia
diagnostic efficiency of the short ACTH test 340
Congenital heart disease
diagnosis in fetuses using cardiac USS 356
heart and heart/lung transplants (Annotation) 117
Congenital hypothyroidism
screening programme in neonates 25
Congenital tuberculosis
clinical presentation 366
Contrast radiology, neonatal
inappropriate use in diagnosing gastrointestinal and bowel anomalies 96
Convulsion
following brown snake bite (Case Report) 109
Cost
of morbidity from acquired cytomegalovirus in neonatal intensive care 138
of neonatal intensive care 61
Cost-effectiveness
of rotavirus vaccines (Annotation) 338
Cot death
and sleeping position (Letter to the Editor) 376
arousal deficit as mechanism of 196
child care practices and 202
pneumographic studies not predictors of 211
Cranial ultrasonography
as predictor of 2 year outcome of VLBW infants 66
Cystic fibrosis
and nutritional management (Review) 261
nasogastric feeding of patients treated for chest infections 164
neonatal screening for, using immunoreactive trypsinogen 151
Cytomegalovirus, acquired
morbidity from in a neonatal intensive care unit 138

D

Deletion analysis
for Duchenne muscular dystrophy 292
Depression
in mothers, and impact on children (Review) 119
Development
in early childhood, study of beliefs about 226
of children with cystic fibrosis (Review) 261
of fetal lungs in laryngeal atresia and tracheal agenesis 47
of LBW infants, catch-up growth 134
parents' misinterpretation of children's stage-related behaviour 39
Developmental tests
correction of scores for prematurity 127
Diagnosis
of bacteraemia from peripheral blood films 83
of CHO malabsorption in neonates, using breath hydrogen test 80
of congenital adrenal hyperplasia using the short ACTH test 340
of gastrointestinal and bowel anomalies in neonates, inappropriate use of contrast radiology 96
of heart disease in fetuses using cardiac USS 356
of thalassaemia in fetuses by DNA analysis 161
of tuberculosis 366
Diet
of children with cystic fibrosis (Review) 261
Disability
among 13 year olds, preliminary experiences with International Classification of Impairments, Disabilities and Handicaps 220
from injuries at ages 12 and 13 14
paediatric rehabilitation 267
DNA analysis
for diagnosis of thalassaemia in fetuses 161

for Duchenne muscular dystrophy 292
Doppler flow velocity
in the anterior cerebral artery of LBW infants, variability reduced by sedation and neuromuscular blockade 171
Drownings
in domestic swimming pools of children under 5 years 143
Drug use
in a neonatal intensive care unit 207
Dry bed training in treatment of enuresis
(Letter to the Editor) 52
Duchenne muscular dystrophy
deletion analysis for 292
Dysplasia, arrhythmogenic right ventricular
evidence for inheritance of (Case Report) 106
Dystrophy, muscular
screening for 292

E

Early childhood development
study of beliefs about 226
Early idenfication
of cerebral palsy 215
Encephalitis, brain stem
due to herpes simplex virus 246
Encopresis
multidisciplinary treatment including biofeedback conditioning 351
Enteric infection
in Aboriginal and non-Aboriginal children 230
with rotavirus acquired in a hospital 156
Enteropeptidase deficiency, congenital
arrhythmogenic right ventricular dysplasia with (Case Report) 106
Enuresis
dry bed training in treatment of (Letter to the Editor) 52
Envenomation
following brown snake bite (Case Report) 109
Epidemic
of fifth day fits 284
of suicide among adolescents (Annotation) 257
Epilepsy
in tuberous sclerosis, treated with selective surgery 243
surgery in treatment of Sturge-Weber syndrome (Case Report) 103
Epstein-Barr viral infection
with gall-bladder wall thickening 368
Error
in low flow oxygen delivery systems 370
Extracorporeal membrane oxygenation, paediatric
role in Australia (Annotation) 189
Extrapyramidal movements
due to basal ganglia damage from tuberculous meningitis 361
Extremely low birthweight infants
cognitive test scores improve between 2 and 5 years of age 284
cost of intensive care for 61

F

Faecal incontinence
multidisciplinary treatment including biofeedback conditioning 351
Failure to arouse
as mechanism of SIDS 196
Failure to thrive
and nutrition in cystic fibrosis (Review) 261
Family adversity, early
effect on cognitive ability 130
Fetal cardiac ultrasonography
for heart disease 356
Fetal lung growth
in laryngeal atresia and tracheal agenesis 47
Fetuses
airways obstruction in 47
cardiac USS for heart disease 356
diagnosis of thalassaemia by DNA analysis 161
Fever
clinical features of typhoid in children 147
Fifth day fits
definition and causes 284
Flesch Score
and readability of health care literature for parents of handicapped children 35
Follow-up
of LBW infants, methodology (Annotation) 2
Fungal infection
systemic candidiasis in a postoperative neonate 372

G

Gall-bladder
wall thickening with Epstein-Barr viral infection 368
Gastric retention
of a swallowed coin after surgery for pyloric stenosis 299
Gastrointestinal anomalies, neonatal
inappropriate contrast radiology in diagnosis of 96
General practitioners
contact with children aged 5–10 years 72
Genetic disorders
prenatal diagnosis of thalassaemia by DNA analysis 161
Glygogenosis
type II, presenting as supraventricular tachycardia (Case Report) 101
Grand mal convulsion
following brown snake bite (Case Report) 109
Growth
impaired in Aboriginal children 279
in LBW infants 134
of fetal lungs in laryngeal atresia and tracheal agenesis 47
Growth hormone therapy
effect on carbohydrate metabolism 236
Guidelines
for management of jaundiced neonates 346

H

Haemophilus influenzae type B vaccines (Annotation) 185
Haemoptysis, recurrent
Rendu-Osler-Weber syndrome presenting as 248
Health care literature

for parents of handicapped children, readability of 35
Heart disease
arrhythmogenic right ventricular dysplasia, evidence for inheritance of (Case Report) 106
diagnosis in fetuses using cardiac USS 356
heart and heart/lung transplants (Annotation) 117
Pompe's disease presenting as supraventricular tachycardia (Case Report) 101
role of paediatric extracorporeal membrane oxygenation in Australia (Annotation) 189
Herpes simplex virus
causing brain stem encephalitis 246
HIV infection
and breast feeding (Letter to the Editor) 303
Hormone analogue
Buserelin for treatment of precocious puberty 274
Hospital admissions
for infection, of Aboriginal and non-Aboriginal children 230
of children aged 5–10 years 72
Hospitals
cost of neonatal intensive care 61
evaluation of a medical peer review programme 192
rotavirus infection acquired in 156
Hyperinsulinism
in infancy, treatment of 174
Hypertension, persistent pulmonary in the newborn (Annotation) 59
Hyperthermia
as a cause of SIDS 202
Hypogammaglobulinaemia
with arrhythmogenic ventricular dysplasia (Case Report) 106
Hypoglycaemia
in infancy, due to hyperinsulinism 174
Hypothyroidism
screening programme in neonates 25
Hypotonia, neonatal
and Prader-Willi syndrome 43

I

Illness
between ages 5 and 10 72
Impairment
cranial ultrasonography as a predictor of, in VLBW infants 66
Incontinence, faecal
multidisciplinary treatment including biofeedback conditioning 351
Indo-Chinese refugees
childhood tuberculosis in 31
Infants
Aboriginal and non-Aboriginal, hospital admission for infections 230
arousal deficit as mechanism of SIDS 196
child care practices and SIDS 202
pneumographic studies predict apnoeas but not SIDS 211
sleep position and cot death (Letter to the Editor) 376
treatment of hyperinsulinism in 174
Infection
hospital admissions for, in Aboriginal and non-Aboriginal children 230
of the urinary tract in Aboriginal children 363
systemic candidiasis in a postoperative neonate 372
with cytomegalovirus in a neonatal intensive care unit 138
with Epstein-Barr virus 368
with rotavirus acquired in a hospital 156
Injury
at ages 12 and 13 14
from motor vehicle accidents, and Bassinet Loan Scheme 270
in children aged 5–10 years 72
in children, surveillance systems 10
severity assessment in childhood (Review) 6
Intelligence tests
correction of scores for prematurity 127
effects of perinatal complications and early family adversity on scores 130
Intensive care, neonatal
cost of 61
drug use in 207
morbidity from acquired cytomegalovirus 138
International Classification of Impairments, Disabilities and Handicaps preliminary experiences with 220
Intestinal perforation
in children 99
Intranasal agonist
Buserelin, for treatment of precocious puberty 274
Iodine intake
role in neonatal transient primary hypothyroidism 25
Ipratropium bromide
effectiveness as a bronchodilator with and without preservative 66

J

Jaundice, neonatal
outcome when managed using guidelines 346
Journal name change (Editorial) 337

K

Kawasaki disease
nephrotic syndrome in 241
Ketotifen
effectiveness as a prophylactic agent in asthma 89

L

Laryngeal atresia
fetal lung growth in 47
Legislation
and Bassinet Loan Scheme, Victoria 270
Fencing of Domestic Swimming Pools Act, New Zealand 143
Leukaemia
effect of growth hormone therapy on carbohydrate metabolism 236
Loan scheme
for bassinet restraints 270
Lobe resection, occipital
in treatment of Sturge-Weber syndrome (Case Report) 103
Low birthweight infants
Aboriginal, and impaired growth 279

cognitive test scores improve between 2 and 5 years of age 284
correction of developmental test scores for prematurity 127
cost of intensive care for 61
cranial ultrasonography as predictor of 2 year outcome 66
drug use in 207
early identification of cerebral palsy 215
follow-up of (Annotation) 2
growth and catch-up growth in 134
sedation and neuromuscular blockade to prevent intraventricular haemorrhage 171
Vitamin E supplementation in 168
Low flow oxygen
errors in delivery systems 370
Lungs
failure of, role of paediatric extracorporeal membrane oxygenation in Australia (Annotation) 189
fetal growth of, in laryngeal atresia and tracheal agenesis 47
transplants of (Annotation) 117
Luteinizing hormone-releasing hormone analogue
Buserelin, for treatment of precocious puberty 274

M

Malnutrition
in Aboriginal children 279
Management
of defibrination due to envenomation from brown snake bite (Case Report) 109
of neonatal jaundice, guidelines for 346
of nutrition in cystic fibrosis (Review) 261
of oxygen therapy, errors in delivery systems 370
of pain in children (Annotation) 1
Medical students
beliefs about childhood development 226
Meningitis
from *Haemophilus influenzae* type B infection, vaccines against (Annotation) 185
tuberculous, causing basal ganglia infarction 361
Metabolism
of carbohydrate, effect of growth hormone therapy 236
Morbidity
between ages 5 and 10 72
from acquired cytomegalovirus in a neonatal intensive care unit 138
Morphine
to prevent intraventricular haemorrhage in LBW infants 171
Mothers
beliefs about childhood development 226
depression in, and impact on children (Review) 119
Motor vehicle accidents
evaluation of Bassinet Loan Scheme 270
Muscular dystrophy
screening for 292

N

Nasogastric feeding, supplemental
of cystic fibrosis patients treated for chest infections 164
National Injury Surveillance and Prevention Project (Australia) 10
Neonatal convulsions
fifth day fits 284
Neonatal intensive care
and systemic candidiasis 372
Neonatal Thyroid Screening Programme (Vcitoria) 25
Neonates
advantages of early diagnosis of Prader-Willi syndrome 43
applicability of breath hydrogen test to 80
congenital tuberculosis in 366
cost of intensive care of 61
drug use in intensive care of 207
early detection of bacteraemia from peripheral blood films 83
fifth day fits in 284
inappropriate use of contrast radiology in diagnosis of gastrointestinal and bowel anomalies 96
morbility from acquired cytomegalovirus in an intensive care unit 138
Noonan syndrome with spontaneous chylothorax 296
outcomes following management guidelines for jaundice 346
persistent pulmonary hypertension in (Annotation) 59
screening for cystic fibrosis using immunoreactive trypsinogen 151
securing of percutaneous venous catheters (Letter to the Editor) 250
transient primary hypothyroidism in 25
see also low birthweight infants; very low birthweight infants; extremely low birthweight infants
Nephrotic syndrome
in Kawasaki disease 241
Nesidioblastosis
and hyperinsulinism in infancy 174
Neuromuscular blockade
to prevent intraventricular haemorrhage in LBW infants 171
Noonan syndrome
with spontaneous chylothorax at birth 296
Nosocomial infection
with rotavirus 156
Nutrition
in Aboriginal children 279
management in cystic fibrosis (Review) 261
of cystic fibrosis patients treated for chest infections 164

O

Occipital lobe resection
in treatment of Sturge-Weber syndrome (Case Report) 103
Outcome prediction
of VLBW infants, cranial ultrasonography in 66
Outpatient attendance
of children aged 5–10 years 72
Oxygen flow meters
errors in 370

P

Paediatric extracorporeal membrane oxygenation
role in Australia (Annotation) 189
Paediatric Research Society of Australia
abstracts of papers at the Annual Scientific Meeting with the Australian college of Paediatrics, 1989 310
Paediatrics

rehabilitation subspecialty 267
Pain
management of in children (Annotation) 1
treatment approach in adolescent rheumatological presentation 21
Palsy, cerebal
early identification of 215
Pancreatectomy, subtotal
in infants with hyperinsulinism 174
Parents
misinterpretation of children's stage-related behaviour 39
of handicapped children, readability of health care literature for 35
Parents' reports of disability among 13 year olds
preliminary experiences with International Classification of Impairments, Disabilities and Handicaps 220
Peer review programme, medical
in a children's hospital, evaluation of 192
Percutaneous venous catheters
methods of securing (Letter to the Editor) 250
Perforation
of bowel or intestine in children 99
Perinatal complications
effect on cognitive ability 130
Peripheral blood
early detection of bacteraemia from films of 83
Plasma Vitamin E supplement
in VLBW infants, levels vary despite identical dosages 168
Pneumographic studies
predictors of apnoeas but not SIDS 211
Pompe's disease
presenting as supraventricular tachycardia (Case Report) 101
Position of sleep
and cot death (Letter to the Editor) 376
Postoperative infection
with systemic candidiasis 372
Prader-Willi syndrome
a survey of 22 individuals with 43
Precocious puberty
treatment with Buserelin 274
Pregnancy
and alcohol consumption, a cautionary note on the ACP Policy Statement (Letter to the Editor) 302
Premature infants
see low birthweight infants, very low birthweight infants, extremely low birthweight infants
Preservative
effectiveness of ipratropium bromide as a bronchodilator with and without 86
Prevention of Injury Programme (NZ) 14
Pseudonaja textilis
bites from (Case Report) 109
Puberty, precocious
treatment with Buserelin 274
Pulmonary hypertension
persistent, in the newborn (Annotation) 59
Pyloric stenosis
gastric retention of a coin after surgery for 299

Q

Quality assurance
evaluation of a children's hospital medical peer review programme 192

R

Readability
of health care literature for parents of handicapped children 35
Refugees, Indo-Chinese
childhood tuberculosis in 31
Rehabilitation
of disabled children 267
Rendu-Osler-Weber syndrome
presenting as recurrent haemoptysis 248
Respiratory distress
chylothorax with Noonan syndrome at birth 296
Respiratory tract infections
in Aboriginal and non-Aboriginal children 230
Restraints, safety
evaluation of Bassinet Loan Scheme 270
Rheumatological pain
treatment approach in adolescence 21
Rotavirus
infection, acquired in a hospital 156
vaccines, science and politics (Annotation) 338
Rupture, traumatic
of the posterior urethra (Letter to the Editor) 178

S

Safety
evaluation of Bassinet Loan Scheme 270
of domestic swimming pools 143
Screening
for cerebral palsy 215
for cystic fibrosis using immunoreactive trypsinogen 151
for Duchenne muscular dystrophy 292
for hypothyroidism 25
for thalassaemia by DNA analysis 161
Sedation
to prevent intraventricular haemorrhage in LBW infants 171
Short adrenocorticotrophic hormone test
diagnostic efficiency for congenital adrenal hyperplasia 340
Sleep position
and cot death (Letter to the Editor) 376
and SIDS 202
Special care, neonatal
cost of 61
Stage-related behaviour
misinterpreted in children aged 1-4 39
Sturge-Weber syndrome
surgery in treatment of (Case Report) 103
Sudden infant death syndrome
and sleep position (Letter to the Editor) 376

arousal deficit as mechanism of 196
child care practices and 202
pneumographic studies not predictors of 211
Suicide
among adolescents (Annotation) 257
Supplement, plasma Vitamin E
in VLBW infants, levels vary despite identical dosages 168
Supplemental feeding, nasogastric
of cystic fibrosis patients treated for chest infections 164
Supraventricular tachycardia
Pompe's disease presenting as (Case Report) 101
Swimming pool drownings, domestic
of children under 5 years 143
Symphysisiotomy
in treating traumatic rupture of the posterior urethra (Letter to the Editor) 178
Systemic candidiasis
in a postoperative neonate 372

T

Tachycardia, supraventricular
Pompe's disease presenting as (Case Report) 101
Tests, developmental
correction of scores for prematurity 127
ELBW infants' scores improve between 2 and 5 years of age 284
Tests, intelligence
correction of scores for prematurity 127
effects of perinatal complications and early family adversity on scores 130
ELBW infants' scores improve between 2 and 5 years of age 284
Thalassaemia
diagnosis in fetuses by DNA analysis 161
Therapy, growth hormone
effect on carbohydrate metabolism 236
Tracheal agenesis
fetal lung growth in 47
Transfusion
cytomegalovirus acquired from, morbidity in a neonatalintensive care unit 138
Transplants
heart and heart/lung (Annotation) 117
Trauma
assessment of childhood injury severity (Review) 6
National Injury Surveillance and Prevention Project (Australia) 10
Traumatic rupture
of the posterior urethra (Letter to the Editor) 178
Treatment
of faecal incontinence 351
of hyperinsulinism in infancy 174
